

HEALTH AND SAFETY POLICY

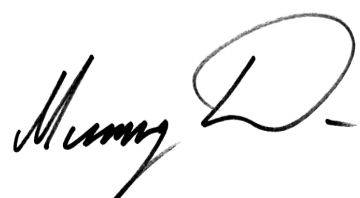

At Dunstans, Health and Safety will NOT be compromised.

Our goal is to have an injury free workplace; on site, in the workshop, on the road and in the office, and we will take all necessary steps to meet this goal.

We are committed to providing a consistently safe environment for our team and have implemented systems and processes to do so. We work tirelessly with our team so that everyone acknowledges the commitment to Health and Safety.

DUNSTANS WILL:

- ◆ **INTEGRATE** health and safety considerations into all activities, business planning and decision making processes.
- ◆ **UNDERSTAND** the risks associated with our activities and ensure they are minimised and controlled.
- ◆ **IMPLEMENT** systems and processes to ensure that our activities are undertaken safely.
- ◆ **CONTINUALLY** analyse and improve the way we do business to reduce the risk of harm.
- ◆ **COMPLY** with all relevant regulatory and other obligations.
- ◆ **PROMOTE** safety awareness amongst all employees and build a strong safety culture and sense of accountability.
- ◆ **CONSULT** and engage with employees on health and safety issues.
- ◆ **RESPOND** quickly and effectively to incidents and learn from our experience.

Murray Dunstan
